

# AUTHORIZED INFORMATION TECHNOLOGY SCHEDULE PRICELIST

## GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY EQUIPMENT, SOFTWARE AND SERVICES

### COMMODITIES OFFERED

**Cloud Solutions:** • Audio, Web and Video Conferencing and Collaboration Services  
Electronic Fax Services • Notifications & Reminders • Backup and Restore  
Licensed and Hosted Call Center Services • e-Discovery • Auto-Location Apps  
HR Background Check Subscriptions • Social Media and Personal Data Verification

Special Item No. 132-8 Purchase of New Equipment

FCS CLASS 5895 – MISCELLANEOUS COMMUNICATIONS EQUIPMENT

Special Item No. 132-12 Equipment Maintenance

FCS CLASS 5895 – MISCELLANEOUS COMMUNICATIONS EQUIPMENT

Special Item No. 132-32 Term Software Licenses

FCS CLASS 7030 – INFORMATION TECHNOLOGY SOFTWARE

Special Item No. 132-33 Perpetual Software Licenses

FCS CLASS 7030 – INFORMATION TECHNOLOGY SOFTWARE

Special Item No. 132-34 Maintenance of Software

Special Item No. 132-50 Training Courses (FPDS Code U012)

Special Item No. 132-51 IT Professional Services (FPDS Code D311 Conversion and Implementation Support)

Special Item No. 132-52 Electronic Commerce and Subscription Services

FSC/PSC CLASS D317 IT AND TELECOM – WEB-BASED SUBSCRIPTION

FSC/PSC CLASS D399 IT AND TELECOM – OTHER IT AND TELECOMMUNICATIONS

**Note 1:** All non-professional labor categories must be incidental to and used solely to support hardware, software and/or professional services, and cannot be purchased separately.

**Note 2:** Installation must be incidental to, in conjunction with and in direct support of the products sold under SIN 132-8 of this contract and cannot be purchased separately. If the construction, alteration or repair is segregable and exceeds \$2,000, then the requirements of the Davis-Bacon Act apply. In applying the Davis-Bacon Act, ordering activities are required to incorporate wage rate determinations into orders, as applicable.

# INFORMATION FOR ORDERING ACTIVITIES

## APPLICABLE TO ALL SPECIAL ITEM NUMBERS

### SPECIAL NOTICE TO AGENCIES: Small Business Participation

SBA strongly supports the participation of small business concerns in the Federal Acquisition Service. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micropurchase threshold, FAR 8.40 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!™ on-line shopping service ([www.gsaadvantage.gov](http://www.gsaadvantage.gov)). The catalogs/pricelists, GSA Advantage!™ and the Federal Acquisition Service Home Page ([www.fss.gsa.gov](http://www.fss.gsa.gov)) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micropurchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

### 1. Geographic Scope of Contract

*Domestic delivery* is delivery within the 48 contiguous states, Alaska, Hawaii, Puerto Rico, Washington, DC, and U.S. Territories. Domestic delivery also includes a port or consolidation point, within the aforementioned areas, for orders received from overseas activities.

*Overseas delivery* is delivery to points outside of the 48 contiguous states, Washington, DC, Alaska, Hawaii, Puerto Rico, and U.S. Territories.

Offerors are requested to check one of the following boxes:

- The Geographic Scope of Contract will be domestic and overseas delivery.
- The Geographic Scope of Contract will be overseas delivery only.
- The Geographic Scope of Contract will be domestic delivery only.

### 2. Contractor's Ordering Address and Payment Information

Orders to

Tactical Digital Corp, ., Springfield VA 22152 Tel 1-888 821-0845, Fax +1 703 924-6109

Payments to

Tactical Digital Corp, ., Springfield VA 22152 Tel 1-888 821-0845, Fax +1 703 924-6109

Bank Routing Information:

Is shown on our SAM entry

Contractor must accept the credit card for payments equal to or less than the micro-purchase for oral or written orders under this contract. The Contractor and the ordering agency may agree to use the credit card for dollar amounts over the micro-purchase threshold (See GSAR 552.232-79 Payment by Credit Card). In addition, bank account information for wire transfer payments will be shown on the invoice.

The following telephone number(s) can be used by ordering activities to obtain technical and/or ordering assistance:

Tel 1-888 821-0845 or +1 703 229-6222, Fax +1 703 924-6109

3. **LIABILITY FOR INJURY OR DAMAGE**

The Contractor shall not be liable for any injury to ordering activity personnel or damage to ordering activity property arising from the use of equipment maintained by the Contractor, unless such injury or damage is due to the fault or negligence of the Contractor.

4. **Statistical Data for Government Ordering Office Completion of Standard Form 279:**

Block 9: G. Order/Modification Under Federal Schedule

Block 16: Data Universal Numbering System (DUNS) Number: **13 719 7096**

Block 30: Type of Contractor – **B. Small Business**

Block 31: Woman-Owned Small Business - **NO**

Block 36: Contractor's Taxpayer Identification Number (TIN): **43-2027263**

4a. **CAGE Code: 3NXP1**

4b. **Notification regarding registration in System for Award Management (SAM) database: Registered**

5. **FOB Destination**

6. **DELIVERY SCHEDULE**

a. **TIME OF DELIVERY:** The Contractor shall deliver to destination within the number of calendar days after receipt of order (ARO), as set forth below:

SPECIAL ITEM NUMBER	DELIVERY TIME (Days ARO)
---------------------	--------------------------

<b>All</b>	<b>To be negotiated between the contracting agency and the contractor.</b>
------------	--

b. **URGENT REQUIREMENTS:** When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering activity, ordering activities are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the ordering activity, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

7. **Discounts:** Prices shown are NET Prices; Basic Discounts have been deducted.

a. **PROMPT PAYMENT:** No discount is available.

b. **QUANTITY:** To be negotiated between the contracting agency and the contractor.

c. **DOLLAR VOLUME:** To be negotiated between the contracting agency and the contractor.

d. **GOVERNMENT EDUCATIONAL INSTITUTIONS:** Same as all other Government customers.

8. **Trade Agreements Act of 1979, as amended:**

All items are U.S. made end products, designated country end products, Caribbean Basin country end products, Canadian end products, or Mexican end products as defined in the Trade Agreements Act of 1979, as amended.

9. **Statement Concerning Availability of Export Packing:**

Not Applicable

10. **Small Requirements:**

The minimum dollar value of orders to be issued is \$100.

11. **Maximum Order (All dollar amounts are exclusive of any discount for prompt payment.)**

a. The Maximum Order value for the following Special Item Numbers (SINs) is \$500,000:

Special Item Number 132-8 - Purchase of Equipment

Special Item Number 132-12 - Equipment Maintenance

Special Item Number 132-33 - Perpetual Software Licenses

Special Item Number 132-34 – Maintenance of Software

Special Item Number 132-51 – Professional Services

Special Item Number 132-52 - Electronic Commerce (EC) Services

b. The Maximum Order value for the following Special Item Numbers (SINs) is \$25,000:

Special Item Number 132-50 - Training Courses

**12. ORDERING PROCEDURES FOR FEDERAL SUPPLY SCHEDULE CONTRACTS**

Ordering activities shall use the ordering procedures of Federal Acquisition Regulation (FAR) 8.405 when placing an order or establishing a BPA for supplies or services. These procedures apply to all schedules.

- a. FAR 8.405-1 Ordering procedures for supplies, and services not requiring a statement of work.
- b. FAR 8.405-2 Ordering procedures for services requiring a statement of work.

**13. FEDERAL INFORMATION TECHNOLOGY/TELECOMMUNICATION STANDARDS REQUIREMENTS:**

Ordering activities acquiring products from this Schedule must comply with the provisions of the Federal Standards Program, as appropriate (reference: NIST Federal Standards Index). Inquiries to determine whether or not specific products listed herein comply with Federal Information Processing Standards (FIPS) or Federal Telecommunication Standards (FED-STDS), which are cited by ordering activities, shall be responded to promptly by the Contractor.

**13.1 FEDERAL INFORMATION PROCESSING STANDARDS PUBLICATIONS (FIPS PUBS):**

Information Technology products under this Schedule that do not conform to Federal Information Processing Standards (FIPS) should not be acquired unless a waiver has been granted in accordance with the applicable "FIPS Publication." Federal Information Processing Standards Publications (FIPS PUBS) are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Information concerning their availability and applicability should be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, Virginia 22161. FIPS PUBS include voluntary standards when these are adopted for Federal use. Individual orders for FIPS PUBS should be referred to the NTIS Sales Office, and orders for subscription service should be referred to the NTIS Subscription Officer, both at the above address, or telephone number (703) 487-4650.

**13.2 FEDERAL TELECOMMUNICATION STANDARDS (FED-STDS):**

Telecommunication products under this Schedule that do not conform to Federal Telecommunication Standards (FED-STDS) should not be acquired unless a waiver has been granted in accordance with the applicable "FED-STD." Federal Telecommunication Standards are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Ordering information and information concerning the availability of FED-STDS should be obtained from the GSA, Federal Supply Service, Specification Section, 470 East L'Enfant Plaza, Suite 8100, SW, Washington, DC 20407, telephone number (202)619-8925. Please include a self-addressed mailing label when requesting information by mail. Information concerning their applicability can be obtained by writing or calling the U.S. Department of Commerce, National Institute of Standards and Technology, Gaithersburg, MD 20899, telephone number (301)975-2833.

**14. CONTRACTOR TASKS / SPECIAL REQUIREMENTS (C-FSS-370) (NOV 2003)**

- (a) Security Clearances: The Contractor may be required to obtain/possess varying levels of security clearances in the performance of orders issued under this contract. All costs associated with obtaining/possessing such security clearances should be factored into the price offered under the Multiple Award Schedule.
- (b) Travel: The Contractor may be required to travel in performance of orders issued under this contract. Allowable travel and per diem charges are governed by Pub .L. 99-234 and FAR Part 31, and are reimbursable by the ordering agency or can be priced as a fixed price item on orders placed under the Multiple Award Schedule. Travel in performance of a task order will only be reimbursable to the extent authorized by the ordering agency. The Industrial Funding Fee does NOT apply to travel and per diem charges.
- (c) Certifications, Licenses and Accreditations: As a commercial practice, the Contractor may be required to obtain/possess any variety of certifications, licenses and accreditations for specific FSC/service code classifications offered. All costs associated with obtaining/ possessing such certifications, licenses and accreditations should be factored into the price offered under the Multiple Award Schedule program.
- (d) Insurance: As a commercial practice, the Contractor may be required to obtain/possess insurance coverage for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such insurance should be factored into the price offered under the Multiple Award Schedule program.
- (e) Personnel: The Contractor may be required to provide key personnel, resumes or skill category descriptions in the performance of orders issued under this contract. Ordering activities may require agency approval of additions or replacements to key personnel.
- (f) Organizational Conflicts of Interest: Where there may be an organizational conflict of interest as determined by the ordering agency, the Contractor's participation in such order may be restricted in accordance with FAR Part 9.5.
- (g) Documentation/Standards: The Contractor may be requested to provide products or services in accordance with rules, regulations, OMB orders, standards and documentation as specified by the agency's order.
- (h) Data/Deliverable Requirements: Any required data/deliverables at the ordering level will be as specified or negotiated in the agency's order.

- (i) Government-Furnished Property: As specified by the agency's order, the Government may provide property, equipment, materials or resources as necessary.
- (j) Availability of Funds: Many Government agencies' operating funds are appropriated for a specific fiscal year. Funds may not be presently available for any orders placed under the contract or any option year. The Government's obligation on orders placed under this contract is contingent upon the availability of appropriated funds from which payment for ordering purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are available to the ordering Contracting Officer.
- (k) Overtime: For professional services, the labor rates in the Schedule should not vary by virtue of the Contractor having worked overtime. For services applicable to the Service Contract Act (as identified in the Schedule), the labor rates in the Schedule will vary as governed by labor laws (usually assessed a time and a half of the labor rate).

**15. CONTRACT ADMINISTRATION FOR ORDERING ACTIVITIES:**

Any ordering activity, with respect to any one or more delivery orders placed by it under this contract, may exercise the same rights of termination as might the GSA Contracting Officer under provisions of FAR 52.212-4, paragraphs (l) Termination for the ordering activity's convenience, and (m) Termination for Cause (See 52.212-4)

**16. GSA Advantage!**

GSA Advantage! is an on-line, interactive electronic information and ordering system that provides on-line access to vendors' schedule prices with ordering information. GSA Advantage! will allow the user to perform various searches across all contracts including, but not limited to:

- (1) Manufacturer;
- (2) Manufacturer's Part Number; and
- (3) Product categories.

Agencies can browse GSA Advantage! by accessing the Internet World Wide Web utilizing a browser (ex.: NetScape). The Internet address is <http://www.fss.gsa.gov>.

**17. PURCHASE OF OPEN MARKET ITEMS**

NOTE: Open Market Items are also known as incidental items, noncontract items, non-Schedule items, and items not on a Federal Supply Schedule contract. ODCs (Other Direct Costs) are not part of this contract and should be treated at open market purchases. Ordering Activities procuring open market items must follow FAR 8.401(d).

For administrative convenience, an ordering activity contracting officer may add items not on the Federal Supply Multiple Award Schedule (MAS) -- referred to as open market items -- to a Federal Supply Schedule blanket purchase agreement (BPA) or an individual task or delivery order, only if-

- (1) All applicable acquisition regulations pertaining to the purchase of the items not on the Federal Supply Schedule have been followed (e.g., publicizing (Part 5), competition requirements (Part 6), acquisition of commercial items (Part 12), contracting methods (Parts 13, 14, and 15), and small business programs (Part 19));
- (2) The ordering activity contracting officer has determined the price for the items not on the Federal Supply Schedule is fair and reasonable;
- (3) The items are clearly labeled on the order as items not on the Federal Supply Schedule; and
- (4) All clauses applicable to items not on the Federal Supply Schedule are included in the order.

**18. CONTRACTOR COMMITMENTS, WARRANTIES AND REPRESENTATIONS**

a. For the purpose of this contract, commitments, warranties and representations include, in addition to those agreed to for the entire schedule contract:

- (1) Time of delivery/installation quotations for individual orders;
- (2) Technical representations and/or warranties of products concerning performance, total system performance and/or configuration, physical, design and/or functional characteristics and capabilities of a product/equipment/service/software package submitted in response to requirements which result in orders under this schedule contract.
- (3) Any representations and/or warranties concerning the products made in any literature, description, drawings and/or specifications furnished by the Contractor.

b. The above is not intended to encompass items not currently covered by the GSA Schedule contract.

**19. OVERSEAS ACTIVITIES**

The terms and conditions of this contract shall apply to all orders for installation, maintenance and repair of equipment in areas listed in the pricelist outside the 48 contiguous states and the District of Columbia, except as indicated below:

***No Exceptions Listed***

Upon request of the Contractor, the ordering activity may provide the Contractor with logistics support, as available, in accordance with all applicable ordering activity regulations. Such ordering activity support will be provided on a reimbursable basis, and will only

be provided to the Contractor's technical personnel whose services are exclusively required for the fulfillment of the terms and conditions of this contract.

**20. BLANKET PURCHASE AGREEMENTS (BPAs)**

The use of BPAs under any schedule contract to fill repetitive needs for supplies or services is allowable. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPA and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). Ordering activities shall follow FAR 8.405-3 when creating and implementing BPA(s).

**21. CONTRACTOR TEAM ARRANGEMENTS**

Contractors participating in contractor team arrangements must abide by all terms and conditions of their respective contracts. This includes compliance with Clauses 552.238-74, Industrial Funding Fee and Sales Reporting, i.e., each contractor (team member) must report sales and remit the IFF for all products and services provided under its individual contract.

**22. INSTALLATION, DEINSTALLATION, REINSTALLATION**

The Davis-Bacon Act (40 U.S.C. 276a-276a-7) provides that contracts in excess of \$2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works with the United States, shall contain a clause that no laborer or mechanic employed directly upon the site of the work shall received less than the prevailing wage rates as determined by the Secretary of Labor. The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services. For example, the requirements do not apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is segregable and exceeds \$2,000, then the requirements of the Davis-Bacon Act applies.

The ordering activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. The proper Davis-Bacon wage determination will be issued by the ordering activity at the time a request for quotations is made for applicable construction classified installation, deinstallation, and reinstallation services under SIN 132-8.

**23. SECTION 508 COMPLIANCE.**

If applicable, Section 508 compliance information on the supplies and services in this contract are available in Electronic and Information Technology (EIT). The EIT standard can be found at: [www.Section508.gov/](http://www.Section508.gov/).

**24. PRIME CONTRACTOR ORDERING FROM FEDERAL SUPPLY SCHEDULES.**

Prime Contractors (on cost reimbursement contracts) placing orders under Federal Supply Schedules, on behalf of an ordering activity, shall follow the terms of the applicable schedule and authorization and include with each order –

- (a) A copy of the authorization from the ordering activity with whom the contractor has the prime contract (unless a copy was previously furnished to the Federal Supply Schedule contractor); and
- (b) The following statement:  
This order is placed under written authorization from \_\_\_\_\_ dated \_\_\_\_\_. In the event of any inconsistency between the terms and conditions of this order and those of your Federal Supply Schedule contract, the latter will govern.

**25. INSURANCE—WORK ON A GOVERNMENT INSTALLATION (JAN 1997)(FAR 52.228-5)**

- (a) The Contractor shall, at its own expense, provide and maintain during the entire performance of this contract, at least the kinds and minimum amounts of insurance required in the Schedule or elsewhere in the contract.
- (b) Before commencing work under this contract, the Contractor shall notify the Contracting Officer in writing that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the Government's interest shall not be effective—
  - (1) For such period as the laws of the State in which this contract is to be performed prescribe; or
  - (2) Until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer, whichever period is longer.
- (c) The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts under this contract that require work on a Government installation and shall require subcontractors to provide and maintain the insurance required in the Schedule or elsewhere in the contract. The Contractor shall maintain a copy of all subcontractors' proofs of required insurance, and shall make copies available to the Contracting Officer upon request.

26. **SOFTWARE INTEROPERABILITY.**

Offerors are encouraged to identify within their software items any component interfaces that support open standard interoperability. An item's interface may be identified as interoperable on the basis of participation in a Government agency-sponsored program or in an independent organization program. Interfaces may be identified by reference to an interface registered in the component registry located at <http://www.core.gov>.

27. **ADVANCE PAYMENTS**

A payment under this contract to provide a service or deliver an article for the United States Government may not be more than the value of the service already provided or the article already delivered. Advance or pre-payment is not authorized or allowed under this contract. (31 U.S.C. 3324)

# **TERMS AND CONDITIONS APPLICABLE TO PURCHASE OF GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY EQUIPMENT (SPECIAL ITEM NUMBER 132-8)**

**1. MATERIAL AND WORKMANSHIP**

All equipment furnished hereunder must satisfactorily perform the function for which it is intended.

**2. ORDER**

Written orders, EDI orders (GSA Advantage! and FACNET), credit card orders, and orders placed under blanket purchase agreements (BPA) agreements shall be the basis for purchase in accordance with the provisions of this contract. If time of delivery extends beyond the expiration date of the contract, the Contractor will be obligated to meet the delivery and installation date specified in the original order.

For credit card orders and BPAs, telephone orders are permissible.

**3. TRANSPORTATION OF EQUIPMENT**

FOB DESTINATION. Prices cover equipment delivery to destination, for any location within the geographic scope of this contract.

**4. INSTALLATION AND TECHNICAL SERVICES**

a. **INSTALLATION.** When the equipment provided under this contract is not normally self-installable, the Contractor's technical personnel shall be available to the ordering activity, at the ordering activity's location, to install the equipment and to train ordering activity personnel in the use and maintenance of the equipment. The charges, if any, for such services are listed in the price schedule.

b. **INSTALLATION, DEINSTALLATION, REINSTALLATION.** The Davis-Bacon Act (40 U.S.C. 276a-276a-7) provides that contracts in excess of \$2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works with the United States, shall contain a clause that no laborer or mechanic employed directly upon the site of the work shall receive less than the prevailing wage rates as determined by the Secretary of Labor. The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services. For example, the requirements do not apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is segregable and exceeds \$2,000, then the requirements of the Davis-Bacon Act applies.

The ordering activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. The proper Davis-Bacon wage determination will be issued by the ordering activity at the time a request for quotations is made for applicable construction classified installation, deinstallation, and reinstallation services under SIN 132-8.

c. **OPERATING AND MAINTENANCE MANUALS.** The Contractor shall furnish the ordering activity with one (1) copy of all operating and maintenance manuals which are normally provided with the equipment being purchased.

**5. INSPECTION/ACCEPTANCE**

The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The ordering activity reserves the right to inspect or test any equipment that has been tendered for acceptance. The ordering activity may require repair or replacement of nonconforming equipment at no increase in contract price. The ordering activity must exercise its postacceptance rights (1) within a reasonable time after the defect was discovered or should have been discovered; and (2) before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

**6. WARRANTY**

a. Unless specified otherwise in this contract, the Contractor's standard commercial warranty as stated in the contract's commercial pricelist will apply to this contract.

b. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

- c. **LIMITATION OF LIABILITY.** Except as otherwise provided by an express or implied warranty, the Contractor will not be liable to the ordering activity for consequential damages resulting from any defect or deficiencies in accepted items.
- d. If inspection and repair of defective equipment under this warranty will be performed at the Contractor's plant, the address is as follows: **Contractor to provide on request.**

**7. PURCHASE PRICE FOR ORDERED EQUIPMENT**

The purchase price that the ordering activity will be charged will be the ordering activity purchase price in effect at the time of order placement, or the ordering activity purchase price in effect on the installation date (or delivery date when installation is not applicable), whichever is less.

**8. RESPONSIBILITIES OF THE CONTRACTOR**

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City or otherwise) covering work of this character, and shall include all costs, if any, of such compliance in the prices quoted in this offer.

**9. TRADE-IN OF INFORMATION TECHNOLOGY EQUIPMENT**

When an ordering activity determines that Information Technology equipment will be replaced, the ordering activity shall follow the contracting policies and procedures in the Federal Acquisition Regulation (FAR), the policies and procedures regarding disposition of information technology excess personal property in the Federal Property Management Regulations (FPMR) (41 CFR 101-43.6), and the policies and procedures on exchange/sale contained in the FPMR (41 CFR part 101-46).

**TERMS AND CONDITIONS APPLICABLE TO MAINTENANCE, REPAIR SERVICE AND REPAIR PARTS/SPARE PARTS FOR GOVERNMENT-OWNED GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY EQUIPMENT (AFTER EXPIRATION OF GUARANTEE/WARRANTY PROVISIONS AND/OR WHEN REQUIRED SERVICE IS NOT COVERED BY GUARANTEE/WARRANTY PROVISIONS) AND FOR LEASED EQUIPMENT (SPECIAL ITEM NUMBER 132-12)**

**1. SERVICE AREAS**

- a. The maintenance and repair service rates listed herein are applicable to any ordering activity location within a 30 mile radius of the Contractor's service points. If any additional charge is to apply because of the greater distance from the Contractor's service locations, the mileage rate or other distance factor shall be negotiated at the Task Order level.
- b. When repair services cannot be performed at the ordering activity installation site, the repair services will be performed at the Contractor's plant(s). **Location varies by product. Please inquire for nearest location.**

**2. MAINTENANCE ORDERS**

- a. Agencies may use written orders, EDI orders, credit card orders, or BPAs, for ordering maintenance under this contract. The Contractor shall confirm orders within fifteen (15) calendar days from the date of receipt, except that confirmation of orders shall be considered automatic for renewals for maintenance (Special Item Number 132-12). Automatic acceptance of order renewals for maintenance service shall apply for machines which may have been discontinued from use for temporary periods of time not longer than 120 calendar days. If the order is not confirmed by the Contractor as prescribed by this paragraph, the order shall be considered to be confirmed by the Contractor.
- b. The Contractor shall honor orders for maintenance for the duration of the contract period or a lesser period of time, for the equipment shown in the pricelist. Maintenance service shall commence on a mutually agreed upon date, which will be written into the maintenance order. Maintenance orders shall not be made effective before the expiration of any applicable maintenance and parts guarantee/warranty period associated with the purchase of equipment. Orders for maintenance service shall not extend beyond the end of the contract period.
- c. Maintenance may be discontinued by the ordering activity on thirty (30) calendar days written notice, or shorter notice when agreed to by the Contractor; such notice to become effective thirty (30) calendar days from the date on the notification. However, the ordering activity may extend the original discontinuance date upon written notice to the Contractor, provided that such notice is furnished at least ten (10) calendar days prior to the original discontinuance date.
- d. Annual Funding. When annually appropriated funds are cited on a maintenance order, the period of maintenance shall automatically expire on September 30th of the contract period, or at the end of the contract period, whichever occurs first. Renewal of a maintenance order citing the new appropriation shall be required, if maintenance is to continue during any remainder of the contract period.
- e. Cross-year Funding Within Contract Period. Where an ordering activity's specific appropriation authority provides for funds in excess of a 12 month, fiscal year period, the ordering activity may place an order under this schedule contract for a period up to the expiration of the contract period, notwithstanding the intervening fiscal years.
- f. Ordering activities should notify the Contractor in writing thirty (30) calendar days prior to the expiration of maintenance service, if maintenance is to be terminated at that time. Orders for continued maintenance will be required if maintenance is to be continued during the subsequent period.

**3. REPAIR SERVICE AND REPAIR PARTS/SPARE PARTS ORDERS**

- a. Agencies may use written orders, EDI orders, credit card orders, blanket purchase agreements (BPAs), or small order procedures for ordering repair service and/or repair parts/spare parts under this contract. Orders for repair service shall not extend beyond the end of the contract period.

- b. When repair service is ordered, only one chargeable repairman shall be dispatched to perform repair service, unless the ordering activity agrees, in advance, that additional repair personnel are required to effect repairs.

**4. LOSS OR DAMAGE**

When the Contractor removes equipment to his establishment for repairs, the Contractor shall be responsible for any damage or loss, from the time the equipment is removed from the ordering activity installation, until the equipment is returned to such installation.

**5. SCOPE**

- a. The Contractor shall provide maintenance for all equipment listed herein, as requested by the ordering activity during the contract term. Repair service and repair parts/spare parts shall apply exclusively to the equipment types/models within the scope of this Information Technology Schedule.
- b. Equipment placed under maintenance service shall be in good operating condition.
  - (1) In order to determine that the equipment is in good operating condition, the equipment shall be subject to inspection by the Contractor, without charge to the ordering activity.
  - (2) Costs of any repairs performed for the purpose of placing the equipment in good operating condition shall be borne by the Contractor, if the equipment was under the Contractor's guarantee/warranty or maintenance responsibility prior to the effective date of the maintenance order.
  - (3) If the equipment was not under the Contractor's responsibility, the costs necessary to place the equipment in proper operating condition are to be borne by the ordering activity, in accordance with the provisions of Special Item Number 132-12 (or outside the scope of this contract).

**6. RESPONSIBILITIES OF THE ORDERING ACTIVITY**

- a. Ordering activity personnel shall not perform maintenance or attempt repairs to equipment while such equipment is under the purview of a maintenance order, unless agreed to by the Contractor.
- b. Subject to security regulations, the ordering activity shall permit access to the equipment which is to be maintained or repaired.

**7. RESPONSIBILITIES OF THE CONTRACTOR**

For equipment not covered by a maintenance contract or warranty, the Contractor's repair service personnel shall complete repairs as soon as possible after notification by the ordering activity that service is required. Within the service areas, this repair service should normally be done within 4 hours after notification.

**8. MAINTENANCE RATE PROVISIONS**

- a. The Contractor shall bear all costs of maintenance, including labor, parts, and such other expenses as are necessary to keep the equipment in good operating condition, provided that the required repairs are not occasioned by fault or negligence of the ordering activity.
- b. **REGULAR HOURS.** The basic monthly rate for each make and model of equipment shall entitle the ordering activity to maintenance service during a mutually agreed upon nine (9) hour principal period of maintenance, Monday through Friday, exclusive of holidays observed at the ordering activity location.
- c. **AFTER HOURS.** Should the ordering activity require that maintenance be performed outside of Regular Hours, charges for such maintenance, if any, will be specified in the pricelist. Periods of less than one hour will be prorated to the nearest quarter hour.
- d. **TRAVEL AND TRANSPORTATION.** If any charge is to apply, over and above the regular maintenance rates, because of the distance between the ordering activity location and the Contractor's service area, the charge will be:  
**Actual reasonable travel expenses as per IRS rules.**
- e. **QUANTITY DISCOUNTS.** Quantity discounts from listed maintenance service rates for multiple equipment owned and/or leased by a ordering activity are indicated below:  
**No discounts are available.**

**9. REPAIR SERVICE RATE PROVISIONS**

- a. **CHARGES.** Charges for repair service will include the labor charge, computed at the rates set forth below, for the time during which repairmen are actually engaged in work, and, when applicable, the charge for travel or transportation.

- b. MULTIPLE MACHINES. When repairs are ordered by an ordering activity on two or more machines located in one or more buildings within walking distance of each other, the charges will be computed from the time the repairman commences work on the first machine, until the work is completed on the last machine. The time required to go from one machine to another, or from one building to another, will be considered actual work performance, and chargeable to the ordering activity, provided the time consumed in going between machines (or buildings) is reasonable.
- c. TRAVEL OR TRANSPORTATION
- (1) AT THE CONTRACTOR'S SHOP
- (a) When equipment is returned to the Contractor's shop for adjustments or repairs which are not covered by the guarantee/warranty provision, the cost of transportation, packing, etc., from the ordering activity location to the Contractor's plant, and return to the ordering activity location, shall be borne by the ordering activity.
- (b) The ordering activity should not return defective equipment to the Contractor for adjustments and repairs or replacement without his prior consultation and instruction.
- (2) AT THE ORDERING ACTIVITY LOCATION (Within Established Service Areas)
- d. When equipment is repaired at the ordering activity location, and repair service rates are established for service areas or zones, the listed rates are applicable to any ordering activity location within such service areas or zones. No extra charge, time, or expense will be allowed for travel or transportation of repairmen or machines to or from the ordering activity office; such overhead is included in the repair service rates listed.
- (4) AT THE ORDERING ACTIVITY LOCATION (Outside Established Service Areas)
- (a) The repair service rates listed for subparagraph (2) above apply, except that a travel charge of **the current IRS rate** per mile for repairmen will apply to the round-trip distance between the geographic limits of the applicable service area and the ordering activity location. Such charge will apply as an additional charge, but it will be limited to one round trip for each request that is made by the ordering activity for repair service, regardless of whether repairs are performed at the ordering activity location or at the Contractor's shop.
- (b) When the overall travel charge computed at the above mileage rate is unreasonable (considering the time required for travel, actual and necessary transportation costs, and the allowable ordering activity per diem rate for each night the repairman is required to remain overnight at the ordering activity location), the ordering activity shall have the option of reimbursing the Contractor for actual costs, provided that the actual costs are reasonable and allowable. The Contractor shall furnish the ordering activity with a report of travel performed and related expenses incurred. The report shall include departure and arrival dates, times, and the applicable mode of travel.
- e. LABOR RATES
- (1) REGULAR HOURS
- a. The Regular Hours repair service rates listed herein shall entitle the ordering activity to repair service during the period 8:00 a.m. to 5:00 p.m., Monday through Friday, exclusive of holidays observed at the ordering activity location. There shall be no additional charge for repair service which was requested during Regular Hours, but performed outside the Regular Hours defined above, at the convenience of the Contractor.
- (2) AFTER HOURS
- a. When the ordering activity requires that repair service be performed outside the Regular Hours defined above, except Sundays and Holidays observed at the ordering activity location, the After Hours repair service rates listed herein shall apply. The Regular Hours rates defined above shall apply when repair service is requested during Regular Hours, but performed After Hours at the convenience of the Contractor.
- (3) SUNDAYS AND HOLIDAYS
- a. When the ordering activity requires that repair service be performed on Sundays and Holidays observed at the ordering activity location, the Sundays and Holidays repair service rates listed herein shall apply. When repair service is requested to be performed during Regular Hours and/or

After Hours, but is performed at the convenience of the Contractor on Sundays or Holidays observed at the ordering activity location, the Regular Hours and/or After Hours repair service rates, as applicable, shall apply.

REPAIR SERVICE RATES

<i>Location</i>	<i>Minimum Charge*</i>	<i>Regular Hours Per Hour**</i>	<i>After Hours Per Hour**</i>	<i>Sundays and Holidays Per Hour</i>
Contractor's Shop				
Ordering Activity Location (within established service areas)				
Ordering Activity Location (outside established service areas)				

\*minimum charges include 1 full hour on the job. \*\*fractional hours, at the end of the job, will be prorated to the nearest hour

**Note: No a la carte repair is available. Maintenance Plan Subscriptions (S.I.N. 132-12) must be purchased in advance, and then repairs will be performed at no additional charge.**

**10. REPAIR PARTS/SPARE PARTS RATE PROVISIONS**

All parts, furnished as spares or as repair parts in connection with the repair of equipment, unless otherwise indicated in this pricelist, shall be new, standard parts manufactured by the equipment manufacturer.

**11. GUARANTEE/WARRANTY—REPAIR SERVICE AND REPAIR PARTS/SPARE PARTS**

- a. REPAIR SERVICE  
See Note at end of Section 9 above.
- b. REPAIR PARTS/SPARE PARTS  
See Note at end of Section 9 above.

**12. INVOICES AND PAYMENTS**

- A. MAINTENANCE SERVICE
  - (1) Invoices for maintenance service shall be submitted by the Contractor on a quarterly or monthly basis, after the completion of such period. Maintenance charges must be paid in arrears (31 U.S.C. 3324). PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.
  - (2) Payment for maintenance service of less than one month's duration shall be prorated at 1/30th of the monthly rate for each calendar day.
- B. REPAIR SERVICE AND REPAIR PARTS/SPARE PARTS  
Invoices for repair service and parts shall be submitted by the Contractor as soon as possible after completion of work. Payment under blanket purchase agreements will be made quarterly or monthly, except where cash payment procedures are used. Invoices shall be submitted separately to each ordering activity office ordering services under the contract. The cost of repair parts shall be shown as a separate item on the invoice, and shall be priced in accordance with paragraph #10, above. PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.

**TERMS AND CONDITIONS APPLICABLE TO  
TERM SOFTWARE LICENSES (SPECIAL ITEM NUMBER 132-32),  
PERPETUAL SOFTWARE LICENSES (SPECIAL ITEM NUMBER 132-33) AND  
MAINTENANCE AS A SERVICE (SPECIAL ITEM NUMBER 132-34)  
OF GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY  
SOFTWARE**

**1. INSPECTION/ACCEPTANCE**

The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The ordering activity reserves the right to inspect or test any software that has been tendered for acceptance. The ordering activity may require repair or replacement of nonconforming software at no increase in contract price. The ordering activity must exercise its postacceptance rights (1) within a reasonable time after the defect was discovered or should have been discovered; and (2) before any substantial change occurs in the condition of the software, unless the change is due to the defect in the software.

**2. ENTERPRISE USER LICENSE AGREEMENTS REQUIREMENTS (EULA)**

The Contractor shall provide all Enterprise User License Agreements in an editable Microsoft Office (Word) format.

**3. GUARANTEE/WARRANTY**

- a. Unless specified otherwise in this contract, the Contractor's standard commercial guarantee/warranty as stated in the contract's commercial pricelist will apply to this contract.
- b. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.
- c. Limitation of Liability. Except as otherwise provided by an express or implied warranty, the Contractor will not be liable to the ordering activity for consequential damages resulting from any defect or deficiencies in accepted items.

**4. TECHNICAL SERVICES**

The Contractor, without additional charge to the ordering activity, shall provide a hot line technical support number for the purpose of providing user assistance and guidance in the implementation of the software.

For FTI Technology, call 1-800-630-7599 — 8 AM to Midnight EST, Mon. to Fri. and 9AM to 6 PM EST Sat. excl. US holidays  
For dvsAnalytics service, call 1 800-910-4560 twenty-four hours a day, seven days a week  
For kCura service, call CDS at 1 855-813-0700—8 AM to 5 PM Eastern Time Monday to Friday excl. US holidays  
For Refined Data service, call 1 877-643-6439—9 AM to 5 PM Eastern Time Monday to Friday excl. Canadian holidays  
For Softlinx service, call 978-881-0567 — 8:30 AM to 5L30 PM Eastern Time Monday to Friday excl. US holidays  
For Sonexis service, call 1-866-676-6394 — 8 AM to 6 PM Eastern Time Monday to Friday excl. US holidays

**5. SOFTWARE MAINTENANCE**

a. Software maintenance as it is defined: (select software maintenance type) :

1. Software Maintenance as a Product (SIN 132-32 or SIN 132-33)

Software maintenance as a product includes the publishing of bug/defect fixes via patches and updates/upgrades in function and technology to maintain the operability and usability of the software product. It may also include other no charge support that are included in the purchase price of the product in the commercial marketplace. No charge support includes items such as user blogs, discussion forums, on-line help libraries and FAQs (Frequently Asked Questions), hosted chat rooms, and limited telephone, email and/or web-based general technical support for user's self diagnostics.

Software maintenance as a product does NOT include the creation, design, implementation, integration, etc. of a software package. These examples are considered software maintenance as a service.

Software Maintenance as a product is billed at the time of purchase.

2. Software Maintenance as a Service (SIN 132-34)

Software maintenance as a service creates, designs, implements, and/or integrates customized changes to software that solve one or more problems and is not included with the price of the software. Software maintenance as a service includes

person-to-person communications regardless of the medium used to communicate: telephone support, on-line technical support, customized support, and/or technical expertise which are charged commercially. Software maintenance as a service is billed arrears in accordance with 31 U.S.C. 3324.

Software maintenance as a service is billed in arrears in accordance with 31 U.S.C. 3324.

b. Invoices for maintenance service shall be submitted by the Contractor on a quarterly or monthly basis, after the completion of such period. Maintenance charges must be paid in arrears (31 U.S.C. 3324). PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.

**6. PERIODS OF TERM LICENSES (SIN 132 32) AND MAINTENANCE (SIN 132 34)**

- a. The Contractor shall honor orders for periods for the duration of the contract period or a lesser period of time.
- b. Term licenses and/or maintenance may be discontinued by the ordering activity on thirty (30) calendar days written notice to the Contractor.
- c. Annual Funding. When annually appropriated funds are cited on an order for term licenses and/or maintenance, the period of the term licenses and/or maintenance shall automatically expire on September 30 of the contract period, or at the end of the contract period, whichever occurs first. Renewal of the term licenses and/or maintenance orders citing the new appropriation shall be required, if the term licenses and/or maintenance is to be continued during any remainder of the contract period.
- d. Cross-Year Funding Within Contract Period. Where an ordering activity's specific appropriation authority provides for funds in excess of a 12 month (fiscal year) period, the ordering activity may place an order under this schedule contract for a period up to the expiration of the contract period, notwithstanding the intervening fiscal years.
- e. Ordering activities should notify the Contractor in writing thirty (30) calendar days prior to the expiration of an order, if the term licenses and/or maintenance is to be terminated at that time. Orders for the continuation of term licenses and/or maintenance will be required if the term licenses and/or maintenance is to be continued during the subsequent period.

**7. CONVERSION FROM TERM LICENSE TO PERPETUAL LICENSE**

Not applicable. No conversions are on the pricelist.

**8. TERM LICENSE CESSATION**

Not applicable.

**9. UTILIZATION LIMITATIONS (132 32, 132-33, AND 132 34)**

- a. Software acquisition is limited to commercial computer software defined in FAR Part 2.101.
- b. When acquired by the ordering activity, commercial computer software and related documentation so legend shall be subject to the following:
  - (1) Title to and ownership of the software and documentation shall remain with the Contractor, unless otherwise specified.
  - (2) Software licenses are by site and by ordering activity. An ordering activity is defined as a cabinet level or independent ordering activity. The software may be used by any subdivision of the ordering activity (service, bureau, division, command, etc.) that has access to the site the software is placed at, even if the subdivision did not participate in the acquisition of the software. Further, the software may be used on a sharing basis where multiple agencies have joint projects that can be satisfied by the use of the software placed at one ordering activity's site. This would allow other agencies access to one ordering activity's database. For ordering activity public domain databases, user agencies and third parties may use the computer program to enter, retrieve, analyze and present data. The user ordering activity will take appropriate action by instruction, agreement, or otherwise, to protect the Contractor's proprietary property with any third parties that are permitted access to the computer programs and documentation in connection with the user ordering activity's permitted use of the computer programs and documentation. For purposes of this section, all such permitted third parties shall be deemed agents of the user ordering activity.
  - (3) Except as is provided in paragraph 8.b(2) above, the ordering activity shall not provide or otherwise make available the software or documentation, or any portion thereof, in any form, to any third party without the prior written approval of the Contractor. Third parties do not include prime Contractors, subcontractors and agents of the ordering activity who have the ordering activity's permission to use the licensed software and documentation at the facility, and who have agreed to use the licensed software and documentation only in accordance with these restrictions. This provision does not limit the right of the ordering activity to use software, documentation, or information therein, which the ordering activity may already have or obtains without restrictions.

(4) The ordering activity shall have the right to use the computer software and documentation with the computer for which it is acquired at any other facility to which that computer may be transferred, or in cases of disaster recovery, the ordering activity has the right to transfer the software to another site if the ordering activity site for which it is acquired is deemed to be unsafe for ordering activity personnel; to use the computer software and documentation with a backup computer when the primary computer is inoperative; to copy computer programs for safekeeping (archives) or backup purposes; to transfer a copy of the software to another site for purposes of benchmarking new hardware and/or software; and to modify the software and documentation or combine it with other software, provided that the unmodified portions shall remain subject to these restrictions.

(5) "Commercial Computer Software" may be marked with the Contractor's standard commercial restricted rights legend, but the schedule contract and schedule pricelist, including this clause, "Utilization Limitations" are the only governing terms and conditions, and shall take precedence and supersede any different or additional terms and conditions included in the standard commercial legend.

**10. SOFTWARE CONVERSIONS (132 32 AND 132 33)**

Full monetary credit will be allowed to the ordering activity when conversion from one version of the software to another is made as the result of a change in operating system, or from one computer system to another. Under a perpetual license (132 33), the purchase price of the new software shall be reduced by the amount that was paid to purchase the earlier version. Under a term license (132 32), conversion credits which accrued while the earlier version was under a term license shall carry forward and remain available as conversion credits which may be applied towards the perpetual license price of the new version.

**11. DESCRIPTIONS AND EQUIPMENT COMPATIBILITY**

The Contractor shall include, in the schedule pricelist, a complete description of each software product and a list of equipment on which the software can be used. Also, included shall be a brief, introductory explanation of the modules and documentation which are offered.

**12. RIGHT TO COPY PRICING**

No discount is available for copies.

# **TERMS AND CONDITIONS APPLICABLE TO PURCHASE OF TRAINING COURSES FOR GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY EQUIPMENT AND SOFTWARE (SPECIAL ITEM NUMBER 132-50)**

1. **SCOPE**
  - a. The Contractor shall provide training courses normally available to commercial customers, which will permit ordering activity users to make full, efficient use of general purpose commercial IT products. Training is restricted to training courses for those products within the scope of this solicitation.
  - b. The Contractor shall provide training at the Contractor's facility and/or at the ordering activity's location, as agreed to by the Contractor and the ordering activity.
  
2. **ORDER**

Written orders, EDI orders (GSA Advantage! and FACNET), credit card orders, and orders placed under blanket purchase agreements (BPAs) shall be the basis for the purchase of training courses in accordance with the terms of this contract. Orders shall include the student's name, course title, course date and time, and contracted dollar amount of the course.
  
3. **TIME OF DELIVERY**

The Contractor shall conduct training on the date (time, day, month, and year) agreed to by the Contractor and the ordering activity.
  
4. **CANCELLATION AND RESCHEDULING**
  - a. The ordering activity will notify the Contractor at least seventy-two (72) hours before the scheduled training date, if a student will be unable to attend. The Contractor will then permit the ordering activity to either cancel the order or reschedule the training at no additional charge. In the event the training class is rescheduled, the ordering activity will modify its original training order to specify the time and date of the rescheduled training class.
  - b. In the event the ordering activity fails to cancel or reschedule a training course within the time frame specified in paragraph a, above, the ordering activity will be liable for the contracted dollar amount of the training course. The Contractor agrees to permit the ordering activity to reschedule a student who fails to attend a training class within ninety (90) days from the original course date, at no additional charge.
  - c. The ordering activity reserves the right to substitute one student for another up to the first day of class.
  - d. In the event the Contractor is unable to conduct training on the date agreed to by the Contractor and the ordering activity, the Contractor must notify the ordering activity at least seventy-two (72) hours before the scheduled training date.
  
5. **FOLLOW-UP SUPPORT**

The Contractor agrees to provide each student with unlimited telephone support for a period of one (1) year from the completion of the training course. During this period, the student may contact the Contractor's instructors for refresher assistance and answers to related course curriculum questions.
  
6. **PRICE FOR TRAINING**

The price that the ordering activity will be charged will be the ordering activity training price in effect at the time of order placement, or the ordering activity price in effect at the time the training course is conducted, whichever is less.
  
7. **INVOICES AND PAYMENT**

Invoices for training shall be submitted by the Contractor after ordering activity completion of the training course. Charges for training must be paid in arrears (31 U.S.C. 3324). PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.
  
8. **FORMAT AND CONTENT OF TRAINING**
  - a. The Contractor shall provide written materials (i.e., manuals, handbooks, texts, etc.) normally provided with course offerings. Such documentation will become the property of the student upon completion of the training class.
  - b. **\*\*If applicable\*\*** For hands-on training courses, there must be a one-to-one assignment of IT equipment to students.
  - c. The Contractor shall provide each student with a Certificate of Training at the completion of each training course.

- d. The Contractor shall provide the following information for each training course offered:
  - (1) The course title and a brief description of the course content, to include the course format (e.g., lecture, discussion, hands-on training);
  - (2) The length of the course;
  - (3) Mandatory and desirable prerequisites for student enrollment;
  - (4) The minimum and maximum number of students per class;
  - (5) The locations where the course is offered;
  - (6) Class schedules; and
  - (7) Price (per student, per class (if applicable)).
- e. For those courses conducted at the ordering activity's location, instructor travel charges (if applicable), including mileage and daily living expenses, must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Contractors cannot use GSA city pair contracts.

**9. "NO CHARGE" TRAINING**

The Contractor shall describe any training provided with equipment and/or software provided under this contract, free of charge, in the space provided below.

Arkadin offers no-charge live training via the Internet by appointment. Please call Tactical Digital to arrange.

dvsAnalytics offers no-charge live training via the Internet by appointment. Please call dvsAnalytics to arrange. 800-910-4560

EasyLink's Fax2Mail service is a simple fax-and receive service. Customer support available to answer any questions and provide guidance 24 hours a day, 7 days a week.

EasyLink's Notify services include one-on-one training at no additional charge. Call their customer service line to engage.

PGi offers no-charge live training via the Internet by appointment. Please call Tactical Digital to arrange.

Level 3 offers no-charge live training via the Internet by appointment. Please call Tactical Digital to arrange.

Retarus offers no-charge live training via the Internet by appointment. Please call Tactical Digital to arrange

Softlinx offers no-charge live training via the Internet by appointment. Please call Tactical Digital to arrange.

# **TERMS AND CONDITIONS APPLICABLE TO INFORMATION TECHNOLOGY (IT) PROFESSIONAL SERVICES (SPECIAL ITEM NUMBER 132-51)**

## **1. SCOPE**

- a. The prices, terms and conditions stated under Special Item Number 132-51 Information Technology Professional Services apply exclusively to IT Professional Services within the scope of this Information Technology Schedule.
- b. The Contractor shall provide services at the Contractor's facility and/or at the ordering activity location, as agreed to by the Contractor and the ordering activity.

## **2. PERFORMANCE INCENTIVES I-FSS-60 Performance Incentives (April 2000)**

- a. Performance incentives may be agreed upon between the Contractor and the ordering activity on individual fixed price orders or Blanket Purchase Agreements under this contract.
- b. The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.
- c. Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity's mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

## **3. ORDER**

- a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 (Deviation – May 2003) Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.
- b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

## **4. PERFORMANCE OF SERVICES**

- a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.
- b. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.
- c. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.
- d. Any Contractor travel required in the performance of IT Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

## **5. STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)**

- (a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-

- (1) Cancel the stop-work order; or
  - (2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.
- (b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-
- (1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
  - (2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.
- (c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.
- (d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

## 6. INSPECTION OF SERVICES

In accordance with  
FAR 52.212-4 CONTRACT TERMS AND CONDITIONS--COMMERCIAL ITEMS (MAR 2009) (DEVIATION I - FEB 2007)  
for Firm-Fixed Price orders  
and  
FAR 52.212-4 CONTRACT TERMS AND CONDITIONS --COMMERCIAL ITEMS (MAR 2009) (ALTERNATE I - OCT 2008)  
(DEVIATION I – FEB 2007)  
applies to Time-and-Materials and Labor-Hour Contracts orders placed under this contract.

## 7. RESPONSIBILITIES OF THE CONTRACTOR

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 (Dec 2007) Rights in Data – General, may apply.

## 8. RESPONSIBILITIES OF THE ORDERING ACTIVITY

Subject to security regulations, the ordering activity shall permit Contractor access to all facilities necessary to perform the requisite IT Professional Services.

## 9. INDEPENDENT CONTRACTOR

All IT Professional Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.

## 10. ORGANIZATIONAL CONFLICTS OF INTEREST

### a. Definitions.

"Contractor" means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.

"Contractor and its affiliates" and "Contractor or its affiliates" refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.

An "Organizational conflict of interest" exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor's or its affiliates' objectivity in performing contract work.

b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

## 11. INVOICES

The Contractor, upon completion of the work ordered, shall submit invoices for IT Professional services. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

## 12. PAYMENTS

For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to labor-hour orders placed under this contract. 52.216-31(Feb 2007) Time-and-Materials/Labor-Hour Proposal Requirements—Commercial Item Acquisition. As prescribed in 16.601(e)(3), insert the following provision:

- (a) The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.
- (b) The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by—
  - (1) The offeror;
  - (2) Subcontractors; and/or
  - (3) Divisions, subsidiaries, or affiliates of the offeror under a common control.

## 13. RESUMES

Resumes shall be provided to the GSA Contracting Officer or the user ordering activity upon request.

## 14. INCIDENTAL SUPPORT COSTS

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering activity in accordance with the guidelines set forth in the FAR.

## 15. APPROVAL OF SUBCONTRACTS

The ordering activity may require that the Contractor receive, from the ordering activity's Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

## 16. DESCRIPTION OF IT PROFESSIONAL SERVICES AND PRICING

a. The Contractor shall provide a description of each type of IT Service offered under Special Item Numbers 132-51 IT Professional Services should be presented in the same manner as the Contractor sells to its commercial and other ordering activity customers. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles (labor categories) for those individuals who will perform the service should be provided.

b. Pricing for all IT Professional Services shall be in accordance with the Contractor's customary commercial practices; e.g., hourly rates, monthly rates, term rates, and/or fixed prices, minimum general experience and minimum education.

# **TERMS AND CONDITIONS APPLICABLE TO ELECTRONIC COMMERCE (EC) SERVICES (SPECIAL ITEM NUMBER 132-52)**

## **1. SCOPE**

- a. The prices, terms and conditions stated under Special Item Number 132-51 Information Technology Professional Services and Special Item Number 132-52 Electronic Commerce Services apply exclusively to IT/EC Services within the scope of this Information Technology Schedule.
- b. The Contractor shall provide services at the Contractor's facility and/or at the ordering activity location, as agreed to by the Contractor and the ordering activity.

## **1) 2. PERFORMANCE INCENTIVES I-FSS-60 Performance Incentives (April 2000)**

- 1) Performance incentives may be agreed upon between the Contractor and the ordering activity on individual fixed price orders or Blanket Purchase Agreements under this contract.
- 2) The ordering activity must establish a maximum performance incentive price for the services and/or total solutions on individual orders or Blanket Purchase Agreements.
- 3) Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity's mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks. Incentives shall be based on objectively measurable tasks.

## **3. ORDER**

- a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 (Deviation – May 2003) Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.
- b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

## **4. PERFORMANCE OF SERVICES**

- a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.
- b. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.
- c. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.
- d. Any Contractor travel required in the performance of IT/EC Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

## **5. STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)**

- (a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is

delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-

- (1) Cancel the stop-work order; or
- (2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.

(b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-

- (1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
- (2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

## 6. INSPECTION OF SERVICES

The Inspection of Services–Fixed Price (AUG 1996) (Deviation – May 2003) clause at FAR 52.246-4 applies to firm-fixed price orders placed under this contract. The Inspection–Time-and-Materials and Labor-Hour (JAN 1986) (Deviation – May 2003) clause at FAR 52.246-6 applies to time-and-materials and labor-hour orders placed under this contract.

## 7. RESPONSIBILITIES OF THE CONTRACTOR

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 (Deviation – May 2003) Rights in Data – General, may apply.

## 8. RESPONSIBILITIES OF THE ORDERING ACTIVITY

Subject to security regulations, the ordering activity shall permit Contractor access to all facilities necessary to perform the requisite IT/EC Services.

## 9. INDEPENDENT CONTRACTOR

All IT/EC Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.

## 10. ORGANIZATIONAL CONFLICTS OF INTEREST

a. Definitions.

"Contractor" means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.

"Contractor and its affiliates" and "Contractor or its affiliates" refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.

An "Organizational conflict of interest" exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor's or its affiliates' objectivity in performing contract work.

b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

## 11. INVOICES

The Contractor, upon completion of the work ordered, shall submit invoices for IT/EC services. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

## 12. PAYMENTS

For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (OCT 2008) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (OCT 2008) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to labor-hour orders placed under this contract. 52.216-31(Feb 2007) Time-and-Materials/Labor-Hour Proposal Requirements—Commercial Item Acquisition. As prescribed in 16.601(e)(3), insert the following provision:

- a) The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.
- b) The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by—
  - 1) The offeror;
  - 2) Subcontractors; and/or
  - 3) Divisions, subsidiaries, or affiliates of the offeror under a common control.

## 13. INCIDENTAL SUPPORT COSTS

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering activity in accordance with the guidelines set forth in the FAR.

## 14. APPROVAL OF SUBCONTRACTS

The ordering activity may require that the Contractor receive, from the ordering activity's Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

## 15. DESCRIPTION OF ELECTRONIC COMMERCE (EC) SERVICES AND PRICING

On the pricelist which follows, all Electronic Commerce Services are individually identified by SIN 132.52 and contain descriptions as well as pricing information when such pricing information is not easily understood from the price shown on the price list. Prices are in accordance with Contractor's customary commercial practices.

# USA COMMITMENT TO PROMOTE SMALL BUSINESS PARTICIPATION PROCUREMENT PROGRAMS

## PREAMBLE

Tactical Digital Corp. provides commercial products and services to ordering activities. We are committed to promoting participation of small, small disadvantaged and women-owned small businesses in our contracts. We pledge to provide opportunities to the small business community through reselling opportunities, mentor-protégé programs, joint ventures, teaming arrangements, and subcontracting.

## COMMITMENT

To actively seek and partner with small businesses.

To identify, qualify, mentor and develop small, small disadvantaged and women-owned small businesses by purchasing from these businesses whenever practical.

To develop and promote company policy initiatives that demonstrate our support for awarding contracts and subcontracts to small business concerns.

To undertake significant efforts to determine the potential of small, small disadvantaged and women-owned small business to supply products and services to our company.

To insure procurement opportunities are designed to permit the maximum possible participation of small, small disadvantaged, and women-owned small businesses.

To attend business opportunity workshops, minority business enterprise seminars, trade fairs, procurement conferences, etc., to identify and increase small businesses with whom to partner.

To publicize in our marketing publications our interest in meeting small businesses that may be interested in subcontracting opportunities.

We signify our commitment to work in partnership with small, small disadvantaged and women-owned small businesses to promote and increase their participation in ordering activity contracts. To accelerate potential opportunities please contact Scott McMillan at 703 754-3614, or email to [Scott@TacDig.com](mailto:Scott@TacDig.com) or fax to 703 924-6109.

**Fax2Mail**

<b>Item Number</b>	<b>Description</b>	<b>GSA Price</b>
<b>FX11b</b> S. I. No. 132-52	<b>Fax2Mail Mailbox with Fax Number</b> Provides for a toll-free fax number (or a local number, where available) "connected" to a designated email address. Faxes sent to this number are delivered by email to the designated email address as a PDF attachment. This email address has the added capability of converting an outgoing email, including attachments, to a fax and delivering it to the number provided. This part number is the monthly fee. There is also a one-time setup charge (Item No.FX12), a per-page charge (Item No. FX10), and occasionally a retry charge (FX20). All four part numbers must be ordered at the same time to purchase this service.	<b>.90/mo</b>
<b>FX11c</b> S. I. No. 132-52	<b>Fax2Mail Mailbox Outbound Only</b> The designated email address has the capability of sending an outgoing email, including attachments, to any fax number. This part number is the monthly fee. There is also a one-time setup charge (Item No.FX12), a per-page charge (Item No. FX10), and occasionally a retry charge (FX20). All four part numbers must be ordered at the same time to purchase this service.	<b>.30/mo</b>
<b>FX13</b> S. I. No. 132-52	<b>Fax2Mail One-Time Porting Fee</b> This is an optional one-time charge to transfer an existing phone number you already use to fax2mail. If you do not use this option, a new number will be assigned to you at no additional charge.	<b>3.60/ea</b>
<b>FX12</b> S. I. No. 132-52	<b>Fax2Mail One-Time Setup Fee</b> For each number ordered.	<b>1.20/ea</b>
<b>FX10</b> S. I. No. 132-52	<b>Fax2Mail Page Fee</b> Refer to Item No. FX11 for Fax2Mail product description. This is the per page rate for received or sent faxes in standard or fine -mode. Fax pages that take longer than 60 seconds to receive or send (perhaps because they are graphics intensive, or are throttled by the receiving fax modem) will count as two (or more) pages. Faxes sent to international numbers will be surcharged EasyLink 's international rate which varies by country.	<b>0.045/ea</b>
<b>FX11a</b> S. I. No. 132-52	<b>Fax2Mail Reserved Fax Number</b> Reserves or retains a local or toll-free fax number for future use. Customer can request one or more fax numbers for future use and this is the monthly charge. Also, when a customer deletes a Fax2Mail mailbox, the number is retained for future use and this is the monthly charge. In either case the number(s) are parked in the customer number pool. Customer can release any number from the number pool at any time to stop further charges.	<b>.90/mo</b>
<b>FX20</b> S. I. No. 132-52	<b>Fax2Mail Retry Charge, per fax</b> This charge occurs when an outgoing fax must be retried, perhaps because of a busy signal, or a dropped connection or other failure.	<b>0.004/ea</b>

**Fax2Mail Options**

<b>Item Number</b>	<b>Description</b>	<b>GSA Price</b>

ps-tm	Ringtail Data Transformation and Migration	212.63/hr

S. I. No. 132-51

FTI Data Transformation and Migration experts converts data that has been exported from other tools into Ringtail load files and databases. FTI uses a combination of previously-developed utilities and custom solutions as needed to lower costs, expedite and facilitate the data conversion.

MINIMUM/GENERAL EXPERIENCE: Five years data manipulation, data conversion and data analysis experience in SQL database. Two years of experience developing and delivering e-discovery technical solutions and services. Two years of experience in litigation support or related legal area. C#.net programming experience. IT and technical writing background. One year of experience administering Ringtail software.

FUNCTIONAL RESPONSIBILITIES: Assists FTI On Premise customers with onsite and remote implementation of FTI On Premise software products, including implementation, configuration and testing. Provides technical consulting and software administrator training to FTI On Premise clients, including assessment of existing environment and technical requirements related to FTI products. Drafts technical requirements related to FTI On Premise products, including recommendations on how to integrate the applications into a client's corporate enterprise infrastructure environment. Develops and documents enterprise architecture specifications for FTI On Premise product deployments. Reviews, validates and recommends improvements to client infrastructure plans or deployments. Identifies, develops, and documents workflows and best practices for deploying FTI On Premise software in sophisticated multi-user, multi-project, and multi-location enterprise environments. Provides expertise in MS SQL Server, Citrix Presentation Server and general network performance, administration and tuning. Delivers product presentations to prospective clients and provides general product expertise to support the sales team. Provides product feedback (customer requirements, product use, and enhancement requests) to product management and/or engineering.

MINIMUM EDUCATION: Bachelor's degree in education, communications, law or technology-related studies.

**Ringtail On-Premise Licenses**

<b>Item Number</b>	<b>Description</b>	<b>GSA Price</b>
raop-s	Ringtail Analytics On-Premise - Small Env Server	26,880.00/ea
S. I. No. 132-33	Boasting a powerful way to visualize trends and identify important documents, Ringtail Analytics helps legal teams test and sample keywords, “zoom” into document sets, and review documents accurately and cost-effectively. Cubes – Early Case Assessment, Culling and Reporting: Ringtail Cubes utilizes multi-dimensional analysis of coding, metadata, and search terms to bring immediate focus and priority to collection, processing and review activities via multi-dimensional reporting. Mines – Visualization and Smart Assignment Creation: Ringtail Mines allows project leads to assess document sets of up to 1 million documents at a time by organizing documents based on key concepts and concept frequency. Ringtail Mines enables teams to group conceptually similar documents for review, case analysis, and prioritization. Document Mapper – Rapid, Visual Document Review: Document Mapper™ provides legal teams with a powerful visual review interface which both increases the quality and speed of coding decisions, while also reducing the costs associated with document review. Using concept clustering and actionable visualizations, Document Mapper provides a multi-dimensional insight for rapid, better review of documents.

**Ringtail On-Premise Licenses**

<b>Item Number</b>	<b>Description</b>	<b>GSA Price</b>
rop-0010 S. I. No. 132-33	Ringtail On-Premise User Licenses - up to 10  The following server components are bundled with the Ringtail product: Ringtail Web Server is the primary Ringtail web application. Ringtail Agent Server houses the documents associated with case databases. Ringtail Image Viewer (RIV) Server is required to perform on-image redaction, color highlighting, annotation and batch printing. This includes a client-side component which can be downloaded from the Ringtail website. Ringtail Production Module is used to create production/disclosure document sets from within a case database. The module is required to renumber and brand documents (with redactions, footer text and production numbers) for export productions (while electronic productions can include image and native files, only TIFF, PDF and JPG image files can be branded.)	12,992.00/ea
rop-0025 S. I. No. 132-33	Ringtail On-Premise User Licenses - up to 25	31,584.00/ea

rop-1000 S. I. No. 132-33	Ringtail On-Premise User Licenses - up to 1000	570,752.00/ea
rop-2500 S. I. No. 132-33	Ringtail On-Premise User Licenses - up to 2500	560,000.00/ea
ss-pcup-L S. I. No. 132-33	Ringtail Predictive Coding - Large Env. Server  251 to 999 user environment. Technology assisted review (TAR) and continuous active learning (CAL) functionalities enables users to train the software to autocode documents.	116,928.00/ea
ss-pcup-m S. I. No. 132-33	Ringtail Predictive Coding - Medium Env. Server  76 to 250 user environment. Technology assisted review (TAR) and continuous active learning (CAL) functionalities enables users to train the software to autocode documents.	87,696.00/ea
ss-pcup-s S. I. No. 132-33	Ringtail Predictive Coding - Small Env. Server  1 to 75 user environment. Technology assisted review (TAR) and continuous active learning (CAL) functionalities enables users to train the software to autocode documents.	58,464.00/ea

**Ringtail On-Premise Licenses**

<b>Item Number</b>	<b>Description</b>	<b>GSA Price</b>
ss-pcup-xl	Ringtail Predictive Coding - XL Env. Server	146,160.00/ea
S. I. No. 132-33	1000+ user environment. Technology assisted review (TAR) and continuous active learning (CAL) functionalities enables users to train the software to autocode documents.	

**Ringtail On-Premise Optional**

<b>Item Number</b>	<b>Description</b>	<b>GSA Price</b>
rop-ai	Ringtail On-Premise Add'l Image Agent	4,480.00/ea
S. I. No. 132-33	Price is per portal. The Ringtail Agent Server houses the documents associated with case databases. In many instances, the Agent Server uses a Storage Area Network or similar topology as a storage location.	
rop-dr	Ringtail On-Premise Disaster Recovery License	8,960.00/ea
S. I. No. 132-33	Price is per portal. The Disaster Recovery License component provides a second set of license keys for use in the event of an unplanned outage. These keys will only be used for the purpose of responding to a disaster recovery ("DR") event, and will typically be installed in a parallel environment in a separate location from the primary installation. All users and primary servers will be covered by the DR license keys. If a DR event occurs, users will be able to access the DR environment for 30 days, or until full use of the primary environment is restored. At that point, clients are required to transfer case data back to the primary environment and disable access to the DR environment. The DR license provides a secondary Ringtail environment, but does not include technology to mirror the primary environment.	
rop-lt	Ringtail On-Premise Laptop License	2,688.00/ea
S. I. No. 132-33	Per portable device. Ringtail Laptop licenses are sold individually and may be purchased to accompany a standard installation of Ringtail. These licenses enable case and matter materials to be exported to a portable device such as a laptop, for use when users will not have access to the network installation of Ringtail. The license also contains the Ringtail Content Search Module which allows for full text searching on the offline laptop. Ringtail Laptop licenses are explicitly for single-user laptop usage and are not to be used as a network device. Each license includes only the Ringtail Server license and one copy of the Ringtail Image Viewer Server module. It does not include Production Server or any other optional modules available for use with the network Ringtail installation.	
rop-ocrw	Ringtail On-Premise Ringtail OCR Worker	9,408.00/ea
S. I. No. 132-33	Price is per portal. The Ringtail OCR Worker is used to enable the Integrated Optical Character Recognition (OCR) feature of Ringtail. This component will create OCR text files (one per document) with embedded links that launch a particular page of a document directly from search results hits. It will run through all or specified ranges of TIFF images for a case to create text files related to each document. These text files are then indexed to allow full text searching of the documents, resulting in search hits at the page level.	

**Ringtail On-Premise Optional**

<b>Item Number</b>	<b>Description</b>	<b>GSA Price</b>
rop-tiff-s	Ringtail On-Premise TIFF-on-the-Fly - per server	53,760.00/ea

S. I. No. 132-33

Price is per server. Data may be stored in Ringtail in its native format or in image format, such as TIFF and PDF. Documents that are stored in native electronic format may be converted to TIFF, PDF, or JPG within Ringtail upon the request of document reviewers or administrators using TIFF-on-the-Fly. This is particularly useful when applying redactions, annotations, or otherwise preparing the documents for productions. To TIFF documents "on the fly" during review and coding, Ringtail users select a document or set of documents to TIFF, then select the TIFF-on-the-Fly option to apply to those documents. The resulting single-page TIFF images follow industry standard specifications, including Group IV compression, black and white, portrait page orientation, 8.5" x 11" paper size, 2550 x 3300 pixels, and 300 dpi. TIFF-on-the-Fly offers several configurable options when converting files to image including preprocessing options to unhide content, track changes for Word, printed page limitations for Excel, and features for handling non-business documents. The TIFF-on-the-Fly function also provides a Management Console used by system administrators to manage jobs, reports, users, configuration settings, and licenses for the TIFF-on-the-Fly module. Ringtail's TIFF-on-the-Fly is a server-side component. A TIFF-on-the-Fly server environment separate from the standard Ringtail server configuration is required. Ringtail TIFF-on-the-Fly may be purchased by the page, priced on a per-block basis with support/maintenance included or may be purchased as a server (allowing unlimited use) and support/maintenance will be assessed at the time of purchase. A separate license key will be issued to activate Ringtail TIFF-on-the-Fly. Additional page blocks can be purchased as required.

**Ringtail On-Premise Support**

<b>Item Number</b>	<b>Description</b>	<b>GSA Price</b>
rop-sm	Ringtail On-Premise - annual support & maintenance	20.0%

S. I. No. 132-34

Price is this percentage of the purchase price of all Ringtail licenses purchased, per year. Support & Maintenance fees are charged at the time of initial purchase and every year thereafter on the anniversary of the date of purchase. Off-cycle purchases of additional licenses or components will incur pro-rated support & maintenance charges from time of purchase to the next anniversary date. The annual support & maintenance fees will be calculated based on the total retail price (RRP) of all user licenses and components installed.

**Ringtail Processing**

<b>Item Number</b>	<b>Description</b>	<b>GSA Price</b>
ss-rp S. I. No. 132-33SJ	Ringtail Processing Metered Ringtail Processing leverages the world's leading technology for processing large volumes of unstructured data at great speed. The Ringtail Processing Worker can extract text and metadata from hundreds upon hundreds of file types, storage formats, character sets and languages. Its forensic extraction capabilities include carving data from unallocated space and retrieving deleted items. With this text and metadata, you can conduct sophisticated searches • organize, cull and analyse information using auto-classification, text summarisation, topic modelling, deduplication, clustering, threading and other techniques • transform the data into legal exports, mailboxes and many other formats. More information at <a href="http://www.ftitechnology.com/ringtail-ediscovery-software/processing#">http://www.ftitechnology.com/ringtail-ediscovery-software/processing#</a>	40,000.00/ea

**1. inContact Call Handling**

<b>Item Number</b>	<b>Description</b>	<b>GSA Price</b>
307	ACD/IVR per Concurrent Agent (Bundled) - MRC	150.00/mo
S. I. No. 132-52	Full call center agent functionality. Concurrent agent includes on agent login, one GB of storage, and one universal port. Agent can answer phone calls, emails, chats, and faxes. Also included are call conferencing, call monitoring, database connections, IVR & IVR programming tool, unlimited supervisor logins, and administration portal. The concurrent agent number is calculated by measuring the number of agents concurrently logged in into inContact in 15 minute increments throughout a day. The top three counts are deleted and the fourth highest count (FAIR PEAK) is retained as the maximum concurrent agent count for the day. At the end of the month, the daily maximum concurrent agent count is evaluated and the customer is billed on the highest daily concurrent count in their billing cycle.	
902	ACD/IVR per Configured Station (a-la carte) - MRC	60.00/mo
S. I. No. 132-52	Full call center functionality. Configured stations include one station login. Agent logged into a station can answer phone calls, emails, chats, and faxes. Also included are IVR & IVR programming tool and administration portal. Configured Station is measured by the number of configured, active stations created for this Business Unit. This includes both configured stations and agent-created stations.	
904	ACD/IVR per Configured Station (Bundled) - MRC	150.00/mo
S. I. No. 132-52	Full call center functionality. Configured stations include one station login, one GB of storage, and one universal port. Agent can answer phone calls, emails, chats, and faxes. Also included are call conferencing, call monitoring, database connections, IVR & IVR programming tool, unlimited supervisor logins, and administration portal. Configured Station is measured by the number of configured, active stations created for this Business Unit. This includes both configured stations and agent-created stations.	
954	ACD/IVR per Minute	0.018/min
S. I. No. 132-52	Full call center functionality includes ACD and IVR, unlimited agent logins, ports, call conferencing, call monitoring, IVR & IVR programming tool, and administration portal. Measured by ACD and IVR minutes in and out of the system. Both, A and B leg minutes apply.	
903	ACD/IVR per Named User (a-la carte) - MRC	60.00/mo
S. I. No. 132-52	Full call center functionality. Named users includes one agent login. Named agent logged in can answer phone calls, emails, chats, and faxes. Also included are IVR & IVR programming tool and administration portal. Named agent is measured by the number of configured, active users created for this Business Unit. This includes both configured users and agent-created logins.	
1073	Additional 25 Menu Options in DTMF - NRC	800.00/ea
S. I. No. 132-52	Adds an additional 25 menu options for menu navigation to the implementation package.	

**1. inContact Call Handling**

<b>Item Number</b>	<b>Description</b>	<b>GSA Price</b>
<b>1062</b>	<b>Basic Self-Service IVR - NRC</b>	<b>2,400.00/ea</b>
S. I. No. 132-52	Adds data lookup to one internal inContact hosted database table; up to 25 menu options (no external data integration) and up to 3 database "calls" (lookup only); increases deployment timeline up to 60 days	
<b>cc</b>	<b>Call Conferencing (per minute)</b>	<b>0.018/min</b>
S. I. No. 132-52	Call conferencing adds additional lines to a two way conversation to have a conference call. Additional charges apply when not included in bundled pricing.	
<b>cm</b>	<b>Call Monitoring (per minute)</b>	<b>0.018/min</b>
S. I. No. 132-52	Similar to call conferencing, this allows a third caller to be "conferenced" into a call to monitor it. Normal parties are unaware of monitoring.	
<b>1075</b>	<b>Chat Deployment - NRC</b>	<b>1,200.00/ea</b>
S. I. No. 132-52	Configure and implement Chat functionality within inContact as add-on to Quickstart package	
<b>1077</b>	<b>CRM-Driven Screen Pop / Call Routing - NRC</b>	<b>4,000.00/ea</b>
S. I. No. 132-52	Adds integration to one CRM solution to support a screen-pop or custom call routing, Up to 3 Web service "calls" (lookup only); not all external CRM solutions supported; increases Deployment timeline up to 60 days	
<b>1084</b>	<b>Data Connectors (per port) - MRC</b>	<b>12.00/mo</b>
S. I. No. 132-52	If not included in bundles package, data connectors require a per port fee. This connection allows the inContact system to be connected to certain databases. Connections include Standard, Encrypted, or VPN, Outbound Web Service Connector, or HTML Connector.	
<b>1063</b>	<b>Dialer Implementation - NRC</b>	<b>2,400.00/ea</b>
S. I. No. 132-52	Includes all work necessary to implement the inContact Dialer.	
<b>1058a</b>	<b>Enterprise Implementation add'l users, each - NRC</b>	<b>80.00/ea</b>
S. I. No. 132-52	Additional implementation charge per additional user over 50. This charge is in conjunction with product 1058.

<b>USCCRS1</b>	<b>County Criminal Record Search on County List 1</b>	<b>8.442/ea</b>
S. I. No. 132-52	Minimum order 10 searches. County Criminal Record search accesses felony and misdemeanor records on an individual at the county level for a single county going back at least 7 years depending on the county/state. For some states, this is the only way to access the records as they are not available at the state level. For others, these records are available at the state level, but there are times when the state records lag behind the county records. For the most up to date information, a county search is recommended. All states EXCEPT: California, Colorado, Florida, Hawaii, Louisiana, Maine, Michigan, Mississippi, Montana, Nevada, New York, New Hampshire, South Dakota, Tennessee, Washington, Wyoming, and Vermont. County court fees included in the price.	
<b>USCCRS2</b>	<b>County Criminal Record Search on County List 2</b>	<b>25.035/ea</b>
S. I. No. 132-52	Minimum order 10 searches. County Criminal Record search accesses felony and misdemeanor records on an individual at the county level for a single county going back at least 7 years depending on the county/state. New York has a substantially high court fee to access these records necessitating a category for this state on it's own. For the most up to date information, a county search is recommended over a State search as the records are more up to date. Counties in States: California, Colorado, Florida, Louisiana, Mississippi, Nevada, and Washington. County court fees included in the price.	
<b>USCCRS3</b>	<b>County Criminal Record Search on County List 3</b>	<b>37.05/ea</b>

**D. Hosted (Cloud-Based) Optional Charges**

<b>Item Number</b>	<b>Description</b>	<b>GSA Price</b>
rfd02	ReplixFax Bar Code Recog+Workflow Rtng+Triage Mgmt	0.012/ea
S. I. No. 132-52	This charge is a per-page surcharge on all inbound fax pages. ReplixFax Bar Code Recognition, Document Routing Workflow and Error Document Triage Management Solution processes incoming fax documents for existence of an embedded barcode on fax cover pages. Barcode recognition adds intelligence to the incoming fax document that can be used to electronically route the document to back-end application systems and trigger associated workflows. One or multiple barcode documents in a single fax can be processed to recognize multiple claim requests. Triage Management routes unreadable or missing barcode faxes for human intervention via a web based application interface. Can be enabled per user and multiple triage queues are supported.	
rfd03	ReplixFax Delivery Manager	0.005/ea
S. I. No. 132-52	This charge is a per-page surcharge on all fax pages. The ReplixFax Delivery Manager is a Microsoft Windows Service utility that allows users to electronically file their inbound and/or outbound faxes into network file system folders, capture fax metadata and pass them to back-end application systems, or print a hard copy of the fax on a network printer. This utility can be used for fax archiving for the entire organization, per user based fax filing into folders, and metadata passing for fax document workflow support.	
rfd10	ReplixFax Domain-Level Outbound	90.00/mo
S. I. No. 132-52	All users in the customer's domain will have outbound-only fax privileges without having to set up or pay for individual named user accounts.	
rfd07	ReplixFax Fax Number Order Charge	4.00/ea
S. I. No. 132-52	One-time charge to obtain a new fax number.	
rfd01	ReplixFax Fax Number Porting Charge	4.00/ea
S. I. No. 132-52	One-time charge to transfer a working number from another carrier. Additional paperwork required.	
rfd04	ReplixFax Inbound PDF OCR	0.0156/ea
S. I. No. 132-52	This charge is a per-page surcharge on inbound fax pages. The service can be enabled per user. Creates searchable PDF files from which text can be copied and pasted elsewhere.	
rfd05	ReplixFax Toll-Free Inbound Surcharge	0.012/ea
S. I. No. 132-52	This charge is a per-page surcharge on inbound fax pages for faxes received by a toll-free number.	
rfd06	ReplixFax Toll-Free Inbound Surcharge	1.20/mo
S. I. No. 132-52	This charge is a per-month surcharge for each toll-free fax number.

rfs-dw	<b>ReplixFax for Domino (Windows)</b>	2,400.00/ea
S. I. No. 132-33	This part number is for the Windows platform. Selected by IBM for global deployment and by many Fortune 1000 corporations worldwide, ReplixFax for Domino is a robust fax messaging solution that provides reliable and scalable performance for IBM Lotus Notes and Domino users. Fully integrated with Lotus Notes e-mail client and Domino Directory, sending a fax using ReplixFax for Domino is as fast and easy as sending an e-mail or printing a file from your desktop. Maintenance (separate part number) must be purchased with this part number. More information at <a href="http://www.softlinx.com/products/replixfax_domino.php#.VxZwgDAgvDc#">http://www.softlinx.com/products/replixfax_domino.php#.VxZwgDAgvDc#</a>	
rfs-e	<b>ReplixFax for Exchange</b>	2,400.00/ea
S. I. No. 132-33	Designed specifically for Microsoft Outlook/Exchange environments, ReplixFax for Exchange is a comprehensive fax server solution that allows desktop users to send and receive faxes from their Outlook email client. It's a reliable, highly scalable and cost-effective solution that integrates powerful end user capabilities with unified messaging support, high volume fax automation to streamline business processes and accelerate the flow of mission-critical information across an enterprise. Maintenance (separate part number) must be purchased with this part number. More information at <a href="http://www.softlinx.com/products/replixfax_exchange.php#.VxZw2DAgvDc#">http://www.softlinx.com/products/replixfax_exchange.php#.VxZw2DAgvDc#</a>	
rfs-L	<b>ReplixFax for Linux</b>	2,400.00/ea
S. I. No. 132-33	ReplixFax for Linux enhances mission-critical business communications by seamlessly integrating efficient and powerful fax messaging capabilities into your business applications and network infrastructure. By leveraging the open source Linux operating system and its strength in supporting a secure, fast and efficient computing environment, ReplixFax enables enterprises to advance their performance and reduce costs. Maintenance (separate part number) must be purchased with this part number. More information at <a href="http://www.softlinx.com/products/replixfax_linux.php#.VxZxCjAgvDc#">http://www.softlinx.com/products/replixfax_linux.php#.VxZxCjAgvDc#</a>	
rfs-w	<b>ReplixFax for Windows</b>	2,400.00/ea
S. I. No. 132-33	ReplixFax for Windows is a reliable, highly scalable and cost-effective network fax server that is designed to reduce costs, improve productivity and streamline communications for companies using Microsoft Windows throughout their enterprise. It enables end users to easily send and receive faxes from their desktop, email systems or any business application. By enabling fax automation across the network, enterprises are able to speed up mission-critical fax communications and achieve greater efficiency for business collaboration. Maintenance (separate part number) must be purchased with this part number. More information at <a href="http://www.softlinx.com/products/replixfax_windows.php#.VxZv9DAgvDc">http://www.softlinx.com/products/replixfax_windows.php#.VxZv9DAgvDc</a>	

**Licenses - Intelligent Modem Gateway (IMG)**

<b>Item Number</b>	<b>Description</b>	<b>GSA Price</b>
rfmL-001	Replix Intelligent Modem Gateway (Linux)	450.00/ea
