517919 | 517911 | 541519 | 518210 | 423440

Sample Past Performance: Project History Brief

Government: Reservationless Audio (with Secure PIN), GlobalMeet Web

PGi Application

Operations Center of large federal law enforcement agency required a secure way to conduct weekly staff and ad-hoc meetings. They needed to guarantee that only authorized participants attended. PGi responded with a PIN validation feature that allowed the agency to assign unique PINs to each participant. Once a particular PIN was used to join a meeting, a second person could not join with the same PIN.

PGi Value/Benefits

This service is provided on PGi's automated Reservationless platform, providing for the best cost solution. Only authorized agency personnel are able to upload and edit Name/PIN lists at will. Lists can be uploaded or altered minutes before a meeting begins. The name associated with each PIN appeared on attendance reports.

Why PGi?

In addition to PGi being unique in their ability to offer this security feature, services are extremely easy to purchase off the GSA 70 schedule.

Government: GlobalMeet Reservationless & Audio, Operator-Assisted Event Calls

PGi Application

Large federal medical research agency, with 300,000 research personnel at over 2,500 universities and research institutions - headquartered in Bethesda, MD. This agency was looking to secure a provider with scalable conference calls that could accommodate both small and large audiences for day-to-day meetings and large scale events. The image and end-user experience was extremely important due to the background of the audience and participants.

PGi Value/Benefits

PGi provides a highly secure conference call environment, where only selected individuals can join and participate. In addition, professional, experienced Event Managers guarantee a flawless and polished conference experience for larger event calls. Detailed reporting rep and post conference provide for added security to the meeting.

Why PGi?

The professional, highly polished large scale event call specialists handle the call details, removing this burden from the agency employees. The flexibility and scalability of the conferencing platforms proved to accommodate any conference no matter how small or large the number of attendees. Additionally, the ability of PGi's conference platform to not short/disconnect after long periods of time is an advantage for the client's 12+ hour conference calls.

Commercial: GlobalMeet Audio, GlobalMeet Web

PGi Application

Large federal prime integrator, with 132,000 employees - headquartered in Bethesda, MD was using a major telecom provider and various internal bridges for their audio conferencing. Their requirement was to consolidate to a single integrated global platform for web and audio conferencing. PGi has deployed GlobalMeet, Web and Audio conferencing providing Web, Toll-Free, Local, Dial-Out and VoIP connectivity around the world through one simple to use platform.

PGi Value/Benefits

The Local Access, and On-Net solutions provide the maximum cost savings and network efficiency for the client. PGi's solution also provides client with Microsoft Outlook integration and online audio controls that are unique in the industry.

Why PGi?

PGi's only business is meetings. As experts in the virtual meeting space and a global footprint, PGi was able to provide a well-thought-out and complete conferencing program. PGi's unique approach demonstrated flexibility and a willingness to dig in and understand the business culture and challenges to customize the perfect solution.

Commercial: GlobalMeet Audio, iMeet Video

PGi Application

Innovative Company launched a flagship product and needed a reliable tool to meet face-to-face with prospects and investors that would impress in a fast-paced global market while helping reduce travel costs. The company wanted a tool that would be just as innovative as they are and would work on any device anywhere with no downloads for attendees.

PGi Value/Benefits

PGi provides a collaboration tool with enterprise-quality audio, flawless video, an extremely user-friendly interface and file sharing capabilities that allows the prospects and customers to focus on the product rather than the technology.

Why PGi?

PGi is an organization of entrepreneurs with high standards and enthusiasm for nurturing new business ideas and the company found more than a great solution, they found a technology partner. In addition, the support and enterprise-quality video provided the reliable solution they needed to quickly close deals with global companies.
